

LOCAL AND NEWS ITEMS.

A FELLOW that doesn't benefit the world by his life, does it by his death.

THE Circuit Court adjourned on Saturday last. But one jury case was tried, a civil one, and no one, as we judge from the docket, of any particular public interest.

MR. JOHN B. REDFIELD is agent for the Accident Insurance Company, of Columbus, Ohio. Persons wishing to effect an insurance of that kind, will find Mr. Redfield at the store of Messrs. Stegeman & Brother.

OUR citizens are busy laying in a supply of ice for summer use. The rectangular masses brought in are beautifully clear, giving rich promise of health and comfort under the reign of the dog-star of mid-summer.

A MAN in the employ of Messrs. Savidge & Cutler, named Rice, was killed on Wednesday last, in the woods, near Mill Point, by the falling of a tree that had lodged in the branches of another, while passing with a team. He leaves a wife and two children.

WE understand that Mr. Andrew Bisbing, brother of Chas. Bisbing, now in jail, for burglary, and a brother-in-law were arrested for concealing the stolen goods taken by Charles, have, on examination before Justice Hunting, been discharged for lack of evidence to convict.

THE fine sleighing of the past few days has stirred up the farmers within accessible distances of Grand Haven. Loaded teams with hay, pork and other farm produce in abundance have found their way hither. Hay sells for from \$12 to \$15 per ton; pork at \$11, or thereabouts per cwt.

OUR resident fishermen are busily engaged in preparing their nets for the coming season's fisheries. A large number of new ones will be added to those of last season, and a much larger outlay of capital employed than hitherto. The fisheries at this port are far from being an inconsiderable source of profit to those engaging in the business.

THE ice extends now out into the lake two or three miles beyond the light-house. It is reported that the propeller *Caldwell* has been striving for the last two or three days to reach this port from Milwaukee, but has not yet succeeded in getting through the ice on this shore. Several of her passengers have reached shore on the ice, leaving the vessel far in the rear.

THE *Newaygo Republican*, since its late change in proprietorship, has advanced from the lowest depths of degradation and scurrility to a position, to say the least, of respectability. We congratulate the citizens of Newaygo upon the change. Mr. Bannister, the present manager, is a gentleman of experience and knows how to conduct a journal with propriety and decency.

DAVID E. ROSS, Esq., who has been engaged in the lumber business, during the past season, is back again as an assistant in the banking office of Messrs. Ferry & Son, at the solicitation of the owners. The position is alike honorable and remunerative, and we congratulate Mr. Ross that he is deemed worthy of the position by men who know what constitute true worth in an employee.

OUR wide-awake Representative in Congress, Hon. T. W. Ferry, is alive to the interests of his constituency—the State and the Nation. In addition to the bill introduced to establish a naval depot at Grand Haven, he has more recently introduced one for an appropriation for the improvement of the harbor at Muskegon, and more recently still a petition, numerously signed by soldiers and others immediately interested, in our State, for an equalization of bounties to all soldiers engaged in the late war of the rebellion.

BROWN'S PATENT BABY-TENDER,

The BABY-TENDER is the most complete and useful Nursery Invention of the age. From a ghastly Spring Cradle it is easily and almost instantly converted into either of the following articles, viz:

- A RECLINING GOUCH for children too young to stand.
- A SPRING CHAIR.
- A BABY WALKER, attractive and useful.
- A OTTOMAN, for the parlor or dining-room.
- A HORSE, for children under five years.
- A BABY JUMPER, for security, exercise and amusement. (See cut.)
- A BABY HORSE, (or when elevated) a HIGH CHAIR, for the table.
- A NURSERY CHAIR.

The motion of the Baby Tender, which is VERTICAL and NOISELESS, is derived from a Spiral Spring in the Ottoman and, unlike that of the common Rocking or Swinging Cradle, is in the highest degree healthy, delightful and soothing. It relieves the Mother from the hardest part of baby-tending.

Prices from \$25 to \$50. Agents wanted. BABY-TENDERING CO., 483 Broadway, New York. [3211]
